

COVID-19 VISITORS GUIDELINES

- **ALL** patients and visitors will be screened for COVID-19 symptoms prior to entering the building.
- **ONE** visitor per patient allowed **ONLY** for those physically unable to care for themselves, including those under the age of 18.
- **ALL** patients and visitors **MUST** wear a face covering and practice social distancing while inside the building.

The health and safety of our patients and staff remain our top priority. Please be advised, these guidelines are effective immediately until further notice.

Thank you for your cooperating and understanding.
